

Puzzle 4: It's a Trap!

You are an operating system developer. A magical animal came and rearranged your source code. What you see below is what remains.

What kind of animal was it?

```
_Launch, minus _RmveReference
_DrawPicture, minus _KillPicture, plus _MapPoly, minus _EmptyRect
_AllocContig, minus _HOpenRF, plus _HSetFlock, minus _HOpen
_Sleep, minus _PowerOff, plus _SetApplLimit, minus _InitZone
_RDrvrInstall, minus _Open
_NewColorDialog, minus _ExitToShell
```
