Puzzle 7: Movies

Dr. Camp wants to go to the movies with the CS@Mines professors. She told each one of them what movie and when, but it seems none of them heard the same thing.

If the professors work together and see how their schedules line up, they'll find out who can go.

Can you help them find out what movie Dr. Camp actually meant?

- Dr. Wang: The Time Traveler's Wife at 08:00
